

Chapter 7.1: GloBE Information Return Overview

Learning Objective

After completing this chapter, you will be able to identify who must file a GloBE Information Return, determine filing deadlines and notification requirements, understand the central filing mechanism and Designated Filing Entity role, and navigate the key sections of the GIR structure.

1. What Is the GloBE Information Return?

The **GloBE Information Return (GIR)** is a standardised return that provides tax administrations with the information needed to evaluate an MNE Group's Pillar Two calculations.

GIR PURPOSE

The GIR enables tax authorities to:

- Verify ETR calculations by jurisdiction
- Confirm Top-Up Tax amounts
- Understand group structure and ownership
- Assess QDMTT, IIR, and UTPR liabilities
- Exchange information with other jurisdictions

KEY PRINCIPLE:

One standardised return → Multiple tax authorities

| Filed once centrally → Exchanged automatically

2. Who Must File? (*Article 8.1.1*)

2.1 Default Rule: Every Constituent Entity

Under Article 8.1.1, **each Constituent Entity** located in an implementing jurisdiction must file a GIR with its local tax administration.

DEFAULT FILING OBLIGATION

MNE Group

Result: 5 separate GIR filings

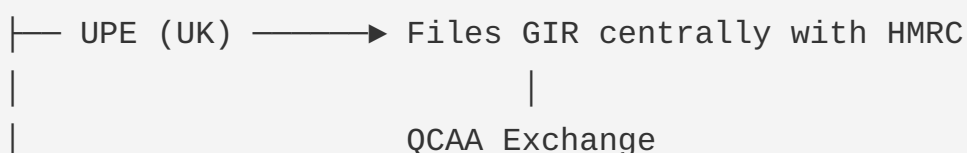

2.2 Central Filing Exception (*Article 8.1.2*)

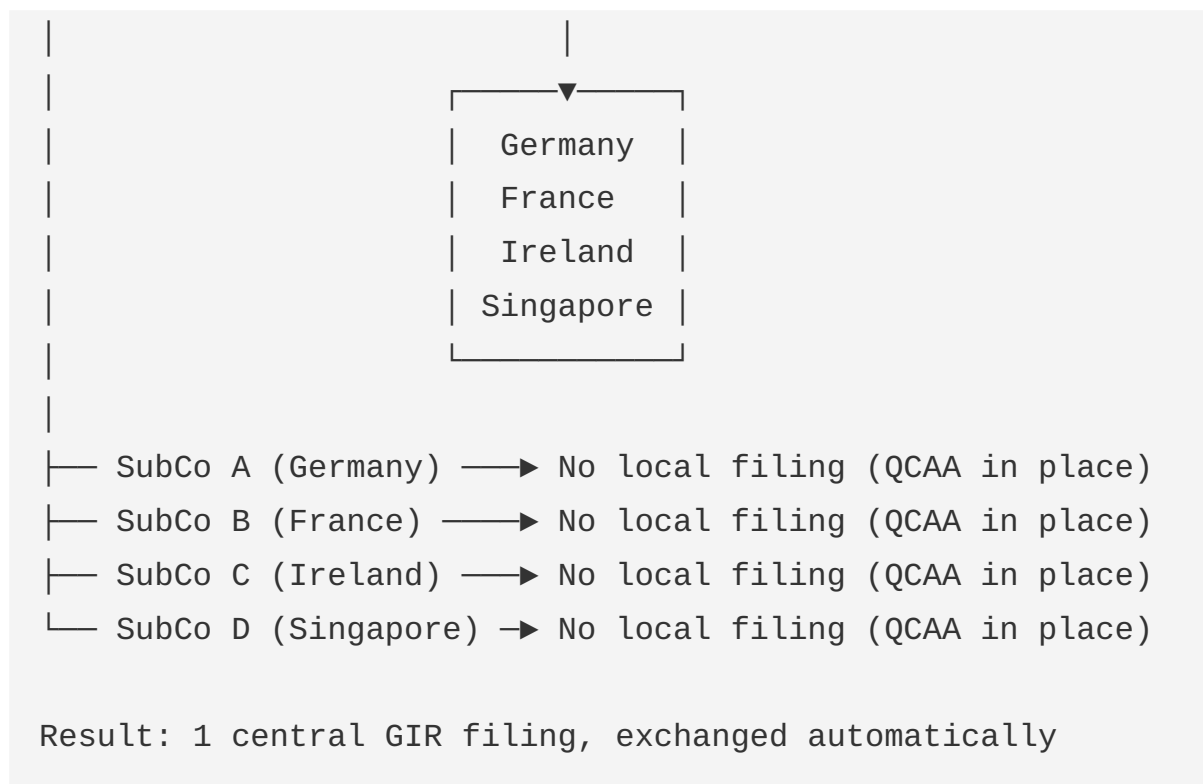

The local filing obligation **does not apply** if:

1. The **UPE** or a **Designated Filing Entity (DFE)** files the GIR centrally, AND
2. A **Qualifying Competent Authority Agreement (QCAA)** is in place to exchange GIR information with the Constituent Entity's jurisdiction

CENTRAL FILING MECHANISM

MNE Group

Key benefit: Central filing dramatically reduces compliance burden — one filing instead of potentially dozens.

3. Designated Filing Entity (DFE)

3.1 What Is a DFE?

A **Designated Filing Entity** is a Constituent Entity appointed by the MNE Group to file the GIR on behalf of all Group members.

Who Can Be the DFE?

Eligible Entity	Requirements
UPE	Default filer if located in implementing jurisdiction
Any Constituent Entity	If UPE is not in implementing jurisdiction, any CE can be designated
	If appointed under local rules

Eligible Entity	Requirements
Surrogate Parent Entity	

3.2 DFE Appointment Process

DFE APPOINTMENT WORKFLOW

Step 1: Identify potential DFE

- Usually UPE or major intermediate holding company
- Must be in jurisdiction with QCAA coverage

Step 2: Notify local tax authorities

- Each CE notifies its tax authority of DFE appointment
- Notification deadline: typically 3 months before GIR due date

Step 3: DFE files GIR centrally

- Single filing with DFE's tax authority
- Tax authority exchanges via QCAA

Step 4: Exchange occurs automatically

- Other jurisdictions receive relevant sections
- No action required from other CEs

4. Notification Requirements (*Article 8.1.3*)

When Is Notification Required?

Each Constituent Entity must **notify** its local tax authority:

Notification Type	Content	Deadline
DFE Notification	Identity of the entity filing the GIR	Typically 3 months before GIR due date
QCAA Reliance	Confirmation that QCAA exchange will occur	Same as above
Local Filing	If filing locally (no QCAA), confirm local filing	Per local rules

What Happens Without Notification?

FAILURE TO NOTIFY

If CE does not notify local tax authority:

- Local filing obligation remains
- CE must file full GIR locally
- Potential duplicate filings
- Penalties may apply for late/non-filing

Country-Specific Notification Deadlines

Jurisdiction	Notification Deadline
Ireland	3 months before GIR due date
Spain	3 months before GIR due date
South Africa	6 months before first submission deadline
UK	Per HMRC guidance (typically 3 months)

5. Filing Deadlines (*Article 8.1.5*)

5.1 Standard Deadline: 15 Months

The GIR must be filed within **15 months** after the end of the Fiscal Year.

First Year Extension: 18 Months

For the **first Fiscal Year** that Pillar Two applies, the deadline is extended to **18 months**.

FILING DEADLINE EXAMPLES

Fiscal Year End: 31 December 2024 (first year)

Standard deadline: 31 March 2026 (15 months)

First-year extension: 30 June 2026 (18 months)

→ Actual deadline: 30 June 2026

Fiscal Year End: 31 December 2025 (second year)

Standard deadline: 31 March 2027 (15 months)

→ Actual deadline: 31 March 2027

First GIR Filing: 30 June 2026

Per December 2023 Administrative Guidance, the **earliest due date** for GIR filing is **30 June 2026**.

Fiscal Year End	First Year?	Deadline
31 Dec 2024	Yes	30 June 2026
31 March 2025	Yes	30 September 2026
30 June 2025	Yes	31 December 2026

Fiscal Year End	First Year?	Deadline
31 Dec 2025	No	31 March 2027

6. GIR Structure Overview

8. Stratos Worked Example: GIR Filing Strategy

8.1 Background

Stratos Holdings plc (UK) must determine its GIR filing strategy for FY 2025 (year ending 31 December 2025).

Group Structure (Post-TechStart Acquisition)

```
Stratos Holdings plc (UK) – UPE
├─ SG Germany GmbH (Germany)
├─ SG Singapore Pte Ltd (Singapore)
├─ SG Ireland Ltd (Ireland)
├─ SG Luxembourg S.à r.l. (Luxembourg)
├─ Atlas Ireland Ltd (Ireland) – 28% MOCE
└─ TechStart Inc. (USA)
    ├─ TechStart UK Ltd (UK)
    ├─ TechStart GmbH (Germany)
    ├─ TechStart JV Pte Ltd (Singapore) – 55% JV
    ├─ TechStart IP LLC (USA)
    └─ TechStart Ventures Fund (Cayman)
```

Step 1: Identify Filing Options

Option	Description	Filings Required
A: Local Filing	Each CE files locally	11+ separate filings
B: Central Filing (UPE)	Stratos plc files for all	1 filing (if QCAA covers all)
C: Central Filing (DFE)	Designate another CE	1 filing (if QCAA covers all)

Step 2: Assess QCAA Coverage

Jurisdiction	QCAA with UK?	Central Filing Available?
Germany	Yes (EU MCAA)	✓
Singapore	Expected	✓
Ireland	Yes (EU MCAA)	✓
Luxembourg	Yes (EU MCAA)	✓
USA	Expected	✓
Cayman	TBD	Potentially local filing

Issue: Cayman may not have QCAA with UK. If not, TechStart Ventures Fund may require local filing (if Cayman implements Pillar Two).

Step 3: Determine Filing Strategy

Recommended Approach: Central filing via Stratos Holdings plc (UPE)

Element	Decision
DFE	Stratos Holdings plc (UK)

Element	Decision
Filing jurisdiction	UK (HMRC)
Notification required	All CEs notify local authorities of UK central filing
Local filings	Cayman only (if no QCAA)

Step 4: Timeline for FY 2025

Date	Action
31 Dec 2025	Fiscal year end
31 Dec 2026	Notification deadline (3 months before GIR due)
31 Mar 2027	GIR filing deadline (15 months)

Step 5: GIR Content Summary

Jurisdictions to Report:

Jurisdiction	GloBE Income (€)	ETR	Top-Up Tax (€)	Mechanism
UK	11,525,000	25.00%	0	—
Germany	59,929,000	23.00%	0	—
USA	12,300,400	15.49%	0	—
Singapore	4,000,000	9.81%	197,498	IIR
Ireland	15,000,000	11.80%	426,394	QDMTT
Luxembourg	—	—	0	De Minimis
Cayman	2,016,000	1.00%	280,480	IIR

JV Reporting (Separate Section):

JV Jurisdiction	GloBE Income (€)	Top-Up Tax (€)	Stratos Share
Singapore	10,000,000	485,750	55%
Malaysia	5,000,000	140,520	55%

9. Common Pitfalls

Pitfall 1: Missing Notification Deadline

Error: Failing to notify local tax authorities of central filing arrangement.

Consequence: Local filing obligation remains; potential penalties.

Correct approach: Calendar notification deadlines (typically 3 months before GIR due) and file notifications proactively.

Pitfall 2: Assuming QCAA Coverage

Error: Assuming all jurisdictions have QCAA with central filing jurisdiction.

Consequence: Local filing required but not prepared.

Correct approach: Verify QCAA status for each jurisdiction where CEs are located. Prepare local filings where QCAA not confirmed.

Pitfall 3: Incomplete JV Reporting

Error: Omitting JV data from GIR because JV is "separate."

Correct approach: JVs require separate reporting within the GIR. Include JV Group calculations and allocation to parent entities.

Pitfall 4: Currency Inconsistency

Error: Reporting different sections in different currencies.

Correct approach: GIR must be in a single **presentation currency** (typically Group reporting currency). Apply consistent exchange rates.

Pitfall 5: First-Year Deadline Confusion

Error: Using 15-month deadline for first Pillar Two year.

Correct approach: First year has **18-month** deadline. For FY 2024 (Dec year-end), deadline is 30 June 2026, not 31 March 2026.
